The Midland County Housing Commission has received Community Development Block Grant (CDBG) funds to assist families in your township who are considered low to moderate income, for example a family of four can earn up to \$52,400 and be eligible for this program. The Board of Commissioners recently agreed to accept the allocation of \$327,375. The Midland County Housing Commission expects to spend between \$5,000 and \$25,000 per household. The homes must be owner occupied. If you know of families in your township that may be in need of housing repair assistance, please have them contact our office. These funds are generally distributed on a first-come, first-served basis.

We would appreciate your help in sharing this announcement with all elected officials in your township.

Sincerely,

Kevin D. Beeson, Director
